"Semper Sursum - Always Aim High"

1 April 2022

To the UFS Community,

As part of our professional performance management processes, as described in a previous newsletter, our school leaders are working behind the scenes with their teachers to ensure that teaching and learning is of the highest calibre, and where possible, also enjoyable!

It was for the reason of having some fun, that we sent out the earlier newsletter this morning with the Helicopter April Fools Day prank! I hope it brought broad smiles to many faces!

But on to matters more serious in nature; you and your children have the right to expect unsurpassed levels of teaching and learning, and academic support from your child's class / subject teacher.

We as a school are committed to this and seek to work in close partnership with you. Please never hesitate to contact your child's teacher, (during reasonable hours), for any clarification or support that might be required.

Equally so, if your child has enjoyed a particularly great day, or has gleefully mastered a new skill or concept, please do pass a compliment on to the teacher!

Having tracked the number of students through our sick bays, and having consulted with numerous doctors and pharmacists over the past week or so, it is clear there are many people with sniffles, sore throats and the like doing the rounds. In the Honourable Prime Minister's Statement released earlier this week, he asked that, **"People with flu-like symptoms should not participate in gatherings whether indoor or outdoor."** Please can we honour this request and if your child has any flu-like symptoms, do not put them on the school bus or send them to school where they do sit indoors for a large portion of the day.

Our Finance Department has now full relocated into the new administration building so if you do need to see one of the finance team personnel, please do make your way to the new venue. The newly installed directional signage makes it very easy to locate.

Yours in Education,

Gareth Allman
Executive Principal
